“Speak with A Meal”

Women’s Empowerment Forum Liberia Feeding Program

“Speak with a Meal” is a school feeding program, where the students will be served meal at lunch hours at school while they listen to the words of God.

Why?

Studies have shown that younger people learn faster and understands better, and it is proven that most students in the rural dwellings didn’t take breakfast before going to school which makes it difficult to comprehend the lesson, so that the student listen properly and receive a message of a better life and the way to a better future. We, at Women Empowerment Forum Liberia launches, “SPEAK WITH A MEAL” a program that provides meal and the Words of God to the younger generation of people that they will learn and received the greatest message of salvation with a meal!

Planning

The feeding program will provide meal for the students two times a week, Monday and Friday. Before the Meal is served they will listen to music or a 5 minutes message of the promises of God’s words. Women Empowerment Forum Liberia is the faith-based organization and we believe there are two ways to remedy a situation; we are going to give them both physical and spiritual meals.

This program is for the children of Gbanquelleh, Bong County and our objective for this program is:

1. Provide feeding to reduce hunger amongst the children in the rural communities.
2. Feed the students to enhance comprehension.
3. Share the words of God to the children in the rural communities.
4. Encourage more Children to desire going to school.

We request donation of \$50 to feed one class of children per day.

Total Budget & Donation Need = \$3,600 USD

To serve meals to 76 students will cost:

- **\$50.00USD a day times two days equals’ \$100.00USD weekly**
- **Times 36 weeks equals \$3600.00USD**
